### <u>Citi Trends, Inc.</u> <u>Notes to the Condensed Consolidated Financial Statements (unaudited)</u> <u>October 28, 2023</u>

#### 1. Significant Accounting Policies

#### Basis of Presentation

Citi Trends, Inc. and its subsidiary (the "Company") is a leading specialty value retailer of apparel, accessories and home trends for way less spend primarily for African American and multicultural families. As of October 28, 2023, the Company operated 606 stores in urban, suburban and rural markets in 33 states.

The condensed consolidated financial statements are prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") for interim reporting and are unaudited. In the opinion of management, the condensed consolidated financial statements reflect all adjustments, which are normal and recurring in nature, necessary for fair financial statement presentation. The condensed consolidated balance sheet as of January 28, 2023 is derived from the audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended January 28, 2023 (the "2022 Form 10-K"). These condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the 2022 Form 10-K. Operating results for the third quarter of 2023 are not necessarily indicative of the results that may be expected for the fiscal year as a result of the seasonality of the business and the current economic uncertainty.

#### Fiscal Year

The following contains references to fiscal years 2023 and 2022, which represent fiscal years ending or ended on February 3, 2024 and January 28, 2023, respectively. Fiscal 2023 has a 53-week accounting period, and fiscal 2022 had a 52-week accounting period.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and apply judgments that affect the reported amounts. Actual results could differ from those estimates.

The most significant estimates include those used in the valuation of inventory, property and equipment, self-insurance liabilities, leases and income taxes. Management periodically evaluates estimates used in the preparation of the consolidated financial statements for continued reasonableness. Appropriate adjustments, if any, to the estimates used are made prospectively.

#### 2. Cash and Cash Equivalents/Concentration of Credit Risk

For purposes of the condensed consolidated balance sheets and condensed consolidated statements of cash flows, the Company considers all highly liquid investments with maturities at date of purchase of three months or less to be cash equivalents. Financial instruments that potentially subject the Company to a concentration of credit risk consist principally of cash and cash equivalents. The Company places its cash and cash equivalents in what it believes to be high credit quality banks and institutional money market funds. The Company maintains cash accounts that exceed federally insured limits.

#### 3. Earnings per Share

Basic earnings per common share amounts are calculated using the weighted average number of common shares outstanding for the period. Diluted earnings per common share amounts are calculated using the weighted average number of common shares outstanding plus the additional dilution for all potentially dilutive securities, such as nonvested restricted stock. During loss periods, diluted loss per share amounts are based on the weighted average number of common shares outstanding because the inclusion of common stock equivalents would be antidilutive.

The dilutive effect of stock-based compensation arrangements is accounted for using the treasury stock method. The Company includes as assumed proceeds the amount of compensation cost attributed to future services and not yet recognized. For the third quarter of 2023 and 2022, there were 318,000 and 220,000 shares of nonvested restricted stock, respectively, excluded from the calculation of diluted earnings per share because of antidilution. For the thirty-nine weeks ended October 28, 2023 and October 29, 2022, there were 259,000 and 226,000 shares of nonvested restricted stock, respectively, excluded from the calculation of diluted earnings per share because of antidilution.

The following table provides a reconciliation of the weighted average number of common shares outstanding used to calculate basic earnings per share to the number of common shares and common stock equivalents outstanding used in calculating diluted earnings per share:

	Thirteen Weeks Ended	
	October 28, 2023	October 29, 2022
Weighted average number of common shares outstanding	8,237,729	8,145,318
Incremental shares from assumed vesting of nonvested restricted stock	_	_
Weighted average number of common shares and common stock equivalents outstanding	8,237,729	8,145,318
		Veeks Ended
	October 28, 2023	October 29, 2022
Weighted average number of common shares outstanding	8,214,907	8,236,836
Incremental shares from assumed vesting of nonvested restricted stock		
Weighted average number of common shares and common stock equivalents outstanding	8,214,907	8,236,836

#### 4. Revolving Credit Facility

In October 2011, the Company entered into a five-year, \$50 million credit facility with Bank of America. The facility was amended in August 2015 and May 2020 to extend the maturity dates. The facility was further amended in April 2021 to modify terms and extend the maturity date to April 15, 2026. In May 2023, the facility was amended to replace the London Interbank Offered Rate ("LIBOR") with the Secured Overnight Financing Rate ("SOFR"). The amended facility provides a \$75 million credit commitment and a \$25 million uncommitted "accordion" feature that under certain circumstances could allow the Company to increase the size of the facility to \$100 million. The facility is secured by the Company's inventory, accounts receivable and related assets, but not its real estate, fixtures and equipment, and it contains one financial covenant, a fixed charge coverage ratio, which is applicable and tested only in certain circumstances. The facility has an unused commitment fee of 0.20% and permits the payment of cash dividends subject to certain limitations. Borrowings under the credit facility bear interest (a) for SOFR Loans, at a rate equal to the SOFR Rate plus a SOFR adjustment equal to 0.10% plus either 1.25%, 1.50% or 1.75%, or (b) for Base Rate Loans, at a rate equal to the highest of (i) the prime rate, (ii) the Federal Funds Rate plus 0.5% or (iii) the Eurodollar Rate plus 1.0%, plus, in each case either 0.25%, 0.50% or 0.75%, based in any such case on the average daily availability for borrowings under the facility.

As of October 28, 2023, the Company had no borrowings under the credit facility and \$0.6 million of letters of credit outstanding.

#### 5. Impairment of Assets

If facts and circumstances indicate that a long-lived asset or operating lease right-of-use asset may be impaired, the carrying value is reviewed. If this review indicates that the carrying value of the asset will not be recovered as determined based on projected undiscounted cash flows related to the asset over its remaining life, the carrying value of the asset is reduced to its estimated fair value. In the third quarter of 2023, non-cash impairment expense related to underperforming stores totaled \$0.2 million.

#### 6. Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. If there is a change in tax rates, the Company would recognize the impact of such change in income in the period that includes the enactment date.

The Company has historically used the annual effective tax rate method to calculate income taxes. For the first thirty-nine weeks of 2023, the Company used the discrete effective tax rate method to determine its tax expense based upon interim results. The Company determined that since small changes in estimated ordinary income would result in significant changes in the estimated annual effective tax rate, the historical method would not provide a reliable estimate for the first thirty-nine weeks of 2023.

#### 7. Commitments and Contingencies

The Company from time to time is involved in various legal proceedings incidental to the conduct of its business, including claims by customers, landlords, employees or former employees. Once it becomes probable that the Company will incur costs in connection with a legal proceeding and such costs can be reasonably estimated, the Company establishes appropriate reserves.

In January 2023, the Company experienced a disruption of its back office and distribution center IT systems, which was due to what is known as Hive ransomware (the "January 2023 cyber disruption"). In connection with this incident, third party consultants and forensic experts were engaged to assist with the restoration and remediation of the Company's systems and, with the assistance of law enforcement, to investigate the incident. The Company does not retain sensitive customer data on its systems.

In connection with the January 2023 cyber disruption, four putative class action lawsuits have been filed against the Company in the United States District Court for the Southern District of Georgia. These matters, Matousek et al v. Citi Trends, Inc.; Sienna Thomas v. Citi Trends, Inc.; Yeimy Sambrano v. Citi Trends, Inc.; and Sabrina Green-Fogg v. Citi Trends, Inc., were filed on September 26, 2023, June 27, 2023, July 7, 2023 and July 14, 2023, respectively. The plaintiffs allege harm in connection with the January 2023 cyber disruption and assert a variety of claims seeking unspecified monetary damages and other related relief. The Company is vigorously defending these lawsuits. In addition, the Attorneys General of Alabama, Connecticut, Indiana and Texas have sent inquiry letters to the Company regarding the January 2023 cyber disruption, which the Company is answering. At October 28, 2023, the Company had an accrual of \$0.8 million for estimated losses in connection with these matters recorded in Accrued expenses. The ultimate loss to the Company for these matters could be materially different from the amount the Company has accrued. The Company cannot predict or estimate the duration or ultimate outcome of these matters. The Company is unable to predict whether it may be subject to other lawsuits, claims or inquiries.

While legal proceedings are subject to uncertainties and the outcome of any such matter is not predictable and it is possible that we could incur losses associated with these proceedings, the Company does not believe, based on the information available to it at the time of this filing, that any legal proceedings pending or threatened against it will have a material adverse effect on its financial condition, results of operations or liquidity.

#### 8. Stock Repurchases

#### Repurchases of Common Stock

The Company periodically repurchases shares of its common stock under board-authorized repurchase programs. Such repurchases may be made in the open market, through block trades or through other negotiated transactions. Share repurchases were as follows (in thousands, except per share data):

	7	Thirteen Weeks Ended			Weeks Ended
	Octobe	r 28, 2023	October 29, 2022	October 28, 2023	October 29, 2022
Total number of shares purchased			_	_	331
Average price paid per share (including commissions)	\$	_	\$ —	\$ —	\$ 30.22
Total investment	\$	_	\$ —	\$ —	\$ 10,000

At October 28, 2023, \$50.0 million remained available under the Company's stock repurchase authorization.

#### 9. Revenue

#### Revenue Recognition

The Company's primary source of revenue is derived from the sale of clothing and accessories to its customers with the Company's performance obligations satisfied immediately when the customer pays for their purchase and receives the merchandise. Sales taxes collected by the Company from customers are excluded from revenue. Revenue from layaway sales is recognized at the point in time when the merchandise is paid for and control of the goods is transferred to the customer, thereby satisfying the Company's performance obligation. The Company defers revenue from the sale of gift cards and recognizes the associated revenue upon the redemption of the cards by customers to purchase merchandise.

#### Sales Returns

The Company allows customers to return merchandise for up to 30 days after the date of sale. Expected refunds to customers are recorded based on estimated margin using historical return information.

#### Disaggregation of Revenue

The Company's retail operations represent a single operating segment based on the way the Company manages its business. Operating decisions and resource allocation decisions are made at the Company level in order to maintain a consistent retail store presentation. The Company's retail stores sell similar products, use similar processes to sell those products and sell their products to similar classes of customers.

In the following table, the Company's revenue from contracts with customers is disaggregated by "CITI" or major merchandise category. The percentage of net sales for each CITI with the merchandise assortment was approximately:

	Thirteen We	eeks Ended	Thirty-Nine Weeks Ended			
	October 28,	October 28, October 29,		October 28, October 29, October 28,		October 29,
	2023	2022	2023	2022		
Ladies	26 %	26 %	27 %	27 %		
Kids	24 %	25 %	22 %	22 %		
Accessories & Beauty	17 %	17 %	18 %	17 %		
Mens	17 %	17 %	17 %	18 %		
Footwear	9 %	7 %	8 %	8 %		
Home & Lifestyle	7 %	8 %	8 %	8 %		

#### 10. Leases

The Company leases its retail store locations, distribution centers, and certain office space and equipment. Leases for store locations are typically for a term of five years with options to extend for one or more five-year periods. In April 2022, the Company completed a sale-leaseback of its distribution center in Darlington, South Carolina that resulted in a gain of \$34.9 million and a 20-year lease term with the option to extend for six additional periods of five years each. In September 2022, the Company completed a sale-leaseback of its distribution center in Roland, Oklahoma that resulted in a gain of \$29.2 million and a 15-year lease term with the option to extend for six additional periods of five years each.

The Company analyzes all leases at inception to determine if a right-of-use asset and lease liability should be recognized. Leases with an initial term of 12 months or less and leases with mutual termination clauses are not included on the condensed consolidated balance sheets. The lease liability is measured at the present value of future lease payments as of the lease commencement date.

Total lease cost is comprised of operating lease costs, short-term lease costs and variable lease costs, which include rent paid as a percentage of sales, common area maintenance, real estate taxes and insurance for the Company's real estate leases. Lease costs consisted of the following (in thousands):

		Thirteen Weeks Ended			Thirty-Nine Weeks Ended			
	Octo	ber 28, 2023	Octo	ber 29, 2022	Octo	ber 28, 2023	Octo	ber 29, 2022
Operating lease cost	\$	15,521	\$	15,443	\$	46,930	\$	44,326
Variable lease cost		2,628		2,510		8,406		7,423
Short term lease cost		393		343		1,171		1,062
Total lease cost	\$	18,542	\$	18,296	\$	56,507	\$	52,811

Future minimum lease payments as of October 28, 2023 are as follows (in thousands):

Fiscal Year	Lease Costs	
Remainder of 2023	\$	10,896
2024		61,555
2025		51,678
2026		40,248
2027		29,574
Thereafter		124,026
Total future minimum lease payments	·	317,977
Less: imputed interest		(74,610) (1)
Total present value of lease liabilities	\$	243,367 (2)

- (1) Calculated using the discount rate for each lease.
- (2) Includes short-term and long-term portions of operating lease liabilities.

Supplemental cash flows and other information related to operating leases are as follows (in thousands, except for weighted average amounts):

		Thirty-Nine Weeks Ended		ded
	October 28, 2023		October 29, 2022	
Cash paid for operating leases	\$	52,734	\$	44,754
Right of use assets obtained in exchange for new operating lease liabilities	\$	22,322	\$	95,809
Weighted average remaining lease term (years) - operating leases		7.60		8.11
Weighted average discount rate - operating leases		4.90%		4.38%

#### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

#### **Forward-Looking Statements**

Except for specific historical information, many of the matters discussed in this Form 10-Q may express or imply projections of revenues or expenditures, statements of plans and objectives for future operations, growth or initiatives, statements of future economic performance, capital allocation expectations or statements regarding the outcome or impact of pending or threatened litigation. These, and similar statements, are forward-looking statements concerning matters that involve risks, uncertainties and other factors that may cause the actual performance of the Company to differ materially from those expressed or implied by these statements. All forward-looking information should be evaluated in the context of these risks, uncertainties and other factors. The words "believe," "anticipate," "project," "plan," "expect," "estimate," "objective," "forecast," "goal," "intend," "could," "will likely result," or "will continue" and similar words and expressions generally identify forward-looking statements, although not all forward-looking statements contain such language. The Company believes the assumptions underlying these forward-looking statements are reasonable; however, any of the assumptions could be inaccurate, and therefore, actual results may differ materially from those projected in the forward-looking statements.

The factors that may result in actual results differing from such forward-looking information include, but are not limited to: uncertainties relating to general economic conditions, including inflation, energy and fuel costs, unemployment levels, and any deterioration whether caused by acts of war, terrorism, political or social unrest (including any resulting store closures, damage or loss of inventory) or other factors; changes in market interest rates and market levels of wages; natural disasters such as hurricanes; uncertainty and economic impact of pandemics, epidemics or other public health emergencies such as the ongoing COVID-19 pandemic; transportation and distribution delays or interruptions; changes in freight rates; the Company's ability to attract and retain workers; the Company's ability to negotiate effectively the cost and purchase of merchandise; inventory risks due to shifts in market demand; the Company's ability to gauge fashion trends and changing consumer preferences; changes in consumer confidence and consumer spending patterns; competition within the industry; competition in our markets; the duration and extent of any economic stimulus programs; changes in product mix; interruptions in suppliers' businesses; the ongoing assessment and impact of the January 2023 cyber disruption we identified on January 14, 2023, including legal, reputational, financial and contractual risks resulting from the January 2023 disruption, and other risks related to cybersecurity, data privacy and intellectual property; the results of pending or threatened litigation; temporary changes in demand due to weather patterns; seasonality of the Company's business; delays associated with building, opening, remodeling and operating new stores; delays associated with building, opening or expanding new or existing distribution centers; and other factors described in the section titled "Item 1A. Risk Factors" and elsewhere in the Company's Annual Report on Form 10-K for the fiscal year ended January 28, 2023, and in Part II, "Item 1A. Risk Factors" and elsewhere in the Company's Quarterly Reports on Form 10-Q and any amendments thereto and in the other documents the Company files with the SEC, including reports on Form 8-K.

Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this Form 10-Q. Except as may be required by law, the Company undertakes no obligation to update or revise publicly any forward-looking statements contained herein to reflect events or circumstances occurring after the date of this Form 10-Q or to reflect the occurrence of unanticipated events. Readers are advised, however, to read any further disclosures the Company may make on related subjects in its public disclosures or documents filed with the SEC, including reports on Form 8-K.

#### **Executive Overview**

We are a leading specialty value retailer of apparel, accessories and home trends for way less spend primarily for African American and multicultural families. Our high-quality and trend-right merchandise offerings at everyday low prices are designed to appeal to the fashion and trend preferences of value-conscious customers. As of October 28, 2023, we operated 606 stores in urban, suburban and rural markets in 33 states.

#### **Uncertainties and Challenges**

#### General Economic Conditions

We expect that our operations in the short-term will continue to be influenced by general economic conditions, including the recent inflationary pressures, which are particularly impactful to the communities we serve. Given the macro-economic environment, we expect low-income families to remain under pressure through the remainder of fiscal 2023. In addition, we continue to monitor the impacts on our business of unemployment levels, wage inflation, interest rates, inflation rates, housing costs, energy costs, consumer confidence, consumer perception of economic conditions, costs to source our merchandise and supply chain disruptions.

#### Seasonality and Weather Patterns

The nature of our business is seasonal. Historically, sales in the first and fourth quarters have been higher than sales achieved in the second and third quarters of the fiscal year. In addition, sales of clothing are directly impacted by the timing of the seasons to which the clothing relates. While we have expanded our product offerings to become a one-stop-shop, traffic to our stores is still influenced by weather patterns to some extent.

#### **Cyber Disruption**

In January 2023, we experienced a disruption of our back office and distribution center IT systems, which was due to what is known as Hive ransomware (the "January 2023 cyber disruption"). In connection with this incident, we engaged third party consultants and forensic experts to assist with the restoration and remediation of the Company's systems and, with the assistance of law enforcement, to investigate the incident. We do not retain sensitive customer data on our systems. The impact of the January 2023 cyber disruption is not expected to be material to our full year fiscal 2023 financial results.

In the third quarter of fiscal 2023, we received insurance proceeds (reflected on our Statement of Cash Flows) related to the January 2023 cyber disruption. This resulted in a gain of \$1.2 million that is recorded in Selling, general and administrative expenses on our Statement of Operations. In the first thirty-nine weeks of fiscal 2023, we recognized \$1.7 million of costs related to the cyber disruption in Selling, general and administrative expenses on our Statement of Operations. We expect to incur ongoing costs to enhance data security and take further steps to prevent unauthorized access to, or manipulation of, our systems and data. Several putative class action lawsuits have been filed against the Company and several inquiries have been made to the Company with respect to the January 2023 cyber disruption. At October 28, 2023, we had an accrual of \$0.8 million for estimated losses in connection with these matters recorded in Accrued expenses on our Balance Sheet. See Note 7 to the Financial Statements for more information.

#### **Basis of Presentation**

Net sales consist of store sales and layaway fees, net of returns by customers. Cost of sales consists of the cost of products we sell and associated freight costs. Depreciation is not considered a component of Cost of sales and is included as a separate line item in the consolidated statements of operations. Selling, general and administrative expenses are comprised of store costs, including payroll and occupancy costs, corporate and distribution center costs and advertising costs.

The following discussion contains references to fiscal years 2023 and 2022, which represent fiscal years ending or ended on February 3, 2024 and January 28, 2023, respectively. Fiscal 2023 has a 53-week accounting period and fiscal 2022 had a 52-week accounting period. This discussion and analysis should be read with the unaudited condensed consolidated financial statements and the notes thereto contained in Part 1, Item 1 of this Report.

#### **Results of Operations**

The following discussion of the Company's financial performance is based on the unaudited condensed consolidated financial statements set forth herein. Expenses and, to a greater extent, operating income, vary by quarter. Results of a period shorter than a full year may not be indicative of results expected for the entire year as a result of the seasonality of our business and the current economic uncertainty.

#### **Key Operating Statistics**

We measure performance using key operating statistics. One of the main performance measures we use is comparable store sales growth. We define a comparable store as a store that has been opened for an entire fiscal year. Therefore, a store will not be considered a comparable store until its 13<sup>th</sup> month of operation at the earliest or until its 24<sup>th</sup> month at the latest. As an example, stores opened in fiscal 2022 and fiscal 2023 are not considered comparable stores in fiscal 2023. Relocated and expanded stores are included in the comparable store sales results. Stores that are closed permanently or for an extended period are excluded from the comparable store sales results. We also use other operating statistics, most notably average sales per store, to measure our performance. As we typically occupy existing space in established shopping centers rather than sites built specifically for our stores, store square footage (and therefore sales per square foot) varies by store. We focus on overall store sales volume as the critical driver of profitability. In addition to sales, we measure cost of sales as a percentage of sales and store operating expenses, with a particular focus on labor, as a percentage of sales. These results translate into store level contribution, which we use to evaluate overall performance of each individual store. Finally, we monitor corporate expenses against budgeted amounts.

#### Thirteen Weeks Ended October 28, 2023 and October 29, 2022

Net Sales. Net sales decreased \$12.8 million, or 6.7%, to \$179.5 million in the third quarter of 2023 from \$192.3 million in the third quarter of 2022. The decrease in sales was due to a 6.2% decrease in comparable store sales and a decrease of \$1.3 million from net store opening and closing activity. The decrease in comparable store sales was the result of continued inflationary pressures in the third quarter of 2023 that are particularly impactful to our core customers.

Cost of Sales (exclusive of depreciation). Cost of sales (exclusive of depreciation) decreased \$4.8 million, or 4.1%, to \$110.9 million in the third quarter of 2023 from \$115.7 million in the third quarter of 2022. Cost of sales as a percentage of sales increased to 61.8% from 60.2%. The increase was driven primarily by higher freight costs due to rebuilding inventory in certain categories, as well as an increase in shrinkage costs.

Selling, General and Administrative Expenses. Selling, general and administrative expenses increased \$0.6 million, or 0.8%, to \$69.7 million in the third quarter of 2023 from \$69.1 million in the third quarter of 2022. The increase was primarily due to: (1) higher incentive compensation this year due to the reversal last year of certain performance-based awards that were deemed improbable of vesting; and (2) higher occupancy expenses, including higher rent expense related to the sale-leasebacks of our distribution centers. These increases were partially offset by a \$1.2 million gain on insurance this year and lower insurance costs resulting from lower claims for medical and workers' compensation. As a percentage of sales, Selling, general and administrative expenses increased to 38.8% in the third quarter of 2023 from 35.9% in the third quarter of 2022, due to the deleveraging effect of lower sales.

Depreciation. Depreciation expense decreased \$0.4 million, or 6.4%, to \$4.7 million in the third quarter of 2023 from \$5.1 million in the third quarter of 2022.

Gain on sale-leaseback. In the third quarter of 2022, we completed a sale-leaseback transaction for our distribution center in Roland, Oklahoma that resulted in a \$29.2 million gain.

Income Tax Benefit. Income tax benefit was \$1.3 million in the third quarter of 2023 compared to income tax expense of \$7.1 million in the third quarter of 2022. The difference is attributable to a pretax loss in the third quarter of this year compared to pretax income in the third quarter of last year that included the gain on sale-leaseback. For the third quarter of 2023, we used the discrete effective tax rate method to determine income tax expense based upon interim period results.

Net Loss. Net loss was \$3.9 million in the third quarter of 2023 compared to net income of \$24.6 million in the third quarter of 2022 due to the factors discussed above.

#### Thirty-Nine Weeks Ended October 28, 2023 and October 29, 2022

Net Sales. Net sales decreased \$52.8 million, or 9.0%, to \$532.8 million in the first thirty-nine weeks of 2023 from \$585.6 million in the same period of 2022. The decrease in sales was due to an 8.7% decrease in comparable store sales and a \$3.2 million decrease from net store opening and closing activity. The decrease in comparable store sales was the result of continued inflationary pressures in the first thirty-nine weeks of 2023 that are particularly impactful to our core customers.

Cost of Sales (exclusive of depreciation). Cost of sales (exclusive of depreciation) decreased \$25.5 million, or 7.1%, to \$331.8 million in the first thirty-nine weeks of 2023 from \$357.3 million in the same period of 2022. Cost of sales as a percentage of sales increased to 62.3% in the first thirty-nine weeks of 2023 from 61.0% in the same period of 2022. The increase was driven primarily by higher freight costs due to rebuilding inventory in certain categories, as well as an increase in shrinkage costs.

Selling, General and Administrative Expenses. Selling, general and administrative expenses increased \$1.4 million, or 0.7%, to \$210.0 million in the first thirty-nine weeks of 2023 from \$208.6 million in the same period of 2022. The increase was primarily due to (1) higher rent expense this year related to the sale-leasebacks of our distribution centers; (2) higher incentive compensation this year due to zero bonus incentive accrued last year and the reversal last year of certain performance-based awards that were deemed improbable of vesting; and (3) an increase in other occupancy costs. These increases were partially offset by lower insurance costs resulting from lower claims for medical and workers' compensation, lower professional fees and lower payroll expenses. As a percentage of sales, Selling, general and administrative expenses increased to 39.4% in the first thirty-nine weeks of 2023 from 35.6% in the first thirty-nine weeks of 2022, due to the deleveraging effect of lower sales.

Depreciation. Depreciation expense decreased \$1.7 million, or 10.5%, to \$14.1 million in the first thirty-nine weeks of 2023 from \$15.8 million in the same period last year.

Gain on sale-leaseback. In the first quarter of 2022, we completed a sale-leaseback transaction for our distribution center in Darlington, South Carolina that resulted in a \$34.9 million gain. In the third quarter of 2022, we completed a sale-leaseback transaction for our distribution center in Roland, Oklahoma that resulted in a \$29.2 million gain.

Income Tax Benefit (Expense). Income tax benefit was \$5.3 million in the first thirty-nine weeks of 2023 compared to income tax expense of \$15.6 million in the first thirty-nine weeks of 2022. The difference is attributable to a pretax loss this year compared to pretax income last year that included the gain on sale-leasebacks. For the first thirty-nine weeks of 2023, we used the discrete effective tax rate method to determine income tax expense based upon interim period results.

Net (Loss) Income. Net loss was \$15.5 million in the first thirty-nine weeks of 2023 compared to net income of \$52.3 million in the same period of 2022 due to the factors discussed above.

#### **Liquidity and Capital Resources**

#### Capital Allocation

Our capital allocation strategy is to maintain adequate liquidity to prioritize investments in opportunities to profitably grow our business and maintain current operations, then to return excess cash to shareholders through our repurchase programs. Our quarter-end cash and cash equivalents balance was \$59.7 million compared to cash and cash equivalents of \$77.8 million at the end of the third quarter last year. Until required for other purposes, we maintain cash and cash equivalents in deposit or money market accounts.

Our principal sources of liquidity consist of: (i) cash and cash equivalents on hand; (ii) short-term trade credit arising from customary payment terms and trade practices with our vendors; (iii) cash generated from operations on an ongoing basis; and (iv) a revolving credit facility with a \$75 million credit commitment.

#### Inventory

Our quarter-end inventory balance was \$129.7 million, compared with \$128.5 million at the end of the third quarter last year. The increase was primarily due to a strategic increase in our average in-store inventory, partially offset by a planned reduction in our packaway inventory.

#### Capital Expenditures

Capital expenditures in the first thirty-nine weeks of 2023 were \$11.6 million, a decrease of \$7.6 million over the first thirty-nine weeks of 2022, as we pared back our investments in new stores and remodels. We anticipate capital expenditures in fiscal 2023 in the range of \$17 to \$20 million, primarily for opening new stores and remodeling existing stores, combined with ongoing investments in our systems.

#### Share Repurchases

We did not repurchase any shares of our common stock in the first thirty-nine weeks of 2023. During the first thirty-nine weeks of 2022, we returned \$10.0 million to shareholders through share repurchases. See Part II of this Report and Note 8 to the Financial Statements for more information.

#### Revolving Credit Facility

We have a revolving credit facility that matures in April 2026 and provides a \$75 million credit commitment and a \$25 million uncommitted "accordion" feature. Additional details of the credit facility are in Note 4 to the Financial Statements. At the end of the third quarter of 2023, we had no borrowings under the credit facility and \$0.6 million in letters of credit outstanding.

#### **Cash Flows**

Cash Flows From Operating Activities. Net cash used in operating activities was \$32.9 million in the first thirty-nine weeks of 2023 compared to \$23.1 million in the same period of 2022. Sources of cash this year included net loss adjusted for non-cash expenses totaling \$36.0 million (compared to net income adjusted for non-cash items of \$48.5 million in the first thirty-nine weeks of 2022).

Significant uses of cash from operating activities in the first thirty-nine weeks of 2023 included (1) a \$45.5 million decrease in accrued expenses and other long-term liabilities (compared to a \$44.6 million decrease in the first thirty-nine weeks of 2022) due primarily to payments of operating lease liabilities; and (2) a \$23.9 million increase in inventory (compared to a \$5.9 million increase in the same period last year).

Cash Flows From Investing Activities. Cash used in investing activities was \$10.1 million in the first thirty-nine weeks of 2023 compared to cash provided of \$63.3 million in the same period last year. Cash used in the first thirty-nine weeks of 2023 consisted of purchases of property and equipment of \$11.6 million and insurance proceeds of \$1.5 million. Cash provided by investing activities in the first thirty-nine weeks of 2022 consisted of \$81.1 million net proceeds from the sale-leaseback transaction and insurance proceeds of \$1.4 million, partially offset by \$19.2 million for purchases of property and equipment.

Cash Flows From Financing Activities. Cash used in financing activities was \$0.9 million in the first thirty-nine weeks of 2023 compared to \$12.2 million in the same period last year. Cash used in the first thirty-nine weeks of 2023 consisted of payments to settle withholding taxes on restricted stock that vested. Cash used in the first thirty-nine weeks of 2022 consisted of \$10.0 million of repurchases of our common stock and payments of \$2.2 million to settle withholding taxes on restricted stock that vested.

#### **Cash Requirements and Commitments**

Our principal cash requirements consist of (1) inventory purchases; (2) capital expenditures to invest in our infrastructure; and (3) operational needs, including salaries, occupancy costs, taxes and other operating costs. We may also use cash to fund any share repurchases, make any required debt payments and satisfy other contractual obligations. Historically, we have met these cash requirements using cash flow from operations and short-term trade credit. As of October 28, 2023, our contractual commitments for operating leases totaled \$243.4 million (with \$46.5 million due within 12 months). See Note 10 to the Financial Statements for more information regarding lease commitments.

#### **Critical Accounting Policies**

The preparation of our condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

There have been no material changes to the Critical Accounting Policies outlined in our Annual Report on Form 10-K for the fiscal year ended January 28, 2023.

#### Item 3. Quantitative and Qualitative Disclosures About Market Risk.

There have been no material changes in our market risk during the thirty-nine weeks ended October 28, 2023 compared to the disclosures in Part II, Item 7A of our Annual Report on Form 10-K for the fiscal year ended January 28, 2023.

#### Item 4. Controls and Procedures.

We have carried out an evaluation under the supervision and with the participation of management, including the principal executive officer and the principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of October 28, 2023 pursuant to Rules 13a-15 and 15d-15 of the Exchange Act. Based on that evaluation, the principal executive officer and the principal financial officer concluded that our disclosure controls and procedures are effective to provide reasonable assurance that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information has been accumulated and communicated to our management, including the officers who certify our financial reports, as appropriate, to allow timely decisions regarding the required disclosures.

Our disclosure controls and procedures are designed to provide reasonable assurance that the controls and procedures will meet their objectives. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives.

During the third quarter of fiscal 2023, we implemented our new enterprise resource planning ("ERP") system to enhance our business and financial processes. We have taken steps to monitor and maintain appropriate internal control over financial reporting during the implementation. There were no changes in our internal control over financial reporting that occurred during the fiscal quarter ended October 28, 2023 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

#### PART II — OTHER INFORMATION

#### Item 1. Legal Proceedings.

See Note 7 to the Financial Statements for information regarding legal matters.

#### Item 1A. Risk Factors.

Other than as set forth below, there have been no material changes to the Risk Factors described under the section "ITEM 1A. RISK FACTORS" in our Annual Report on Form 10-K for the fiscal year ended January 28, 2023.

#### Impairment charges relating to our assets could adversely affect our financial performance.

We periodically review and test the carrying value of our assets for impairment indicators. This primarily focuses on store assets and right of use assets. These assets are reviewed using factors including, but not limited to, our future operating plans and projected future cash flows. In the event that we determine we have an impairment charge, our financial condition and operating results could be materially adversely affected. For additional information, see Note 7 to the Financial Statements.

#### Item 2. Unregistered Sales of Equity Securities, Use of Proceeds and Issuer Purchases of Equity Securities.

Information on Share Repurchases

The Company did not repurchase any shares in the third quarter of 2023. At October 28, 2023, \$50.0 million remained available under the Company's stock repurchase authorization.

#### Item 3. Defaults Upon Senior Securities.

Not applicable.

#### Item 4. Mine Safety Disclosures.

Not applicable.

#### Item 5. Other Information.

Not applicable.

#### Item 6. Exhibits.

- 3.1 <u>Third Amended and Restated Certificate of Incorporation (incorporated by reference to Exhibit 3.1 to the Company's Current Report on Form 8-K filed with the SEC on June 7, 2018).</u>
- 3.2 Certificate of Change of Registered Agent and/or Registered Office (incorporated by reference to Exhibit 3.1 to the Company's Current Report on Form 8-K filed with the SEC on October 31, 2022).
- 3.3 Fourth Amended and Restated Bylaws (incorporated by reference to Exhibit 3.2 to the Company's Current Report on Form 8-K filed with the SEC on October 31, 2022).
- 31.1 Certification of Principal Executive Officer, Pursuant to Rule 13a-14(a) of the Securities Exchange Act of 1934, Adopted Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.+
- 31.2 Certification of Principal Financial Officer, Pursuant to Rule 13a-14(a) of the Securities Exchange Act of 1934, Adopted Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.+
- 32.1 Certifications Pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.++
- Inline XBRL Document Set for the condensed consolidated financial statements and accompanying notes in Part I, Item 1, "Financial Statements" of this Quarterly Report on Form 10-Q.+
- 104 Inline XBRL for the cover page of this Quarterly Report on Form 10-Q, included in the Exhibit 101 Inline XBRL Document Set.+

<sup>+</sup> Included herewith

<sup>\*</sup> Indicates management contract for compensatory plan or arrangement.

<sup>†</sup> Pursuant to Securities and Exchange Commission Release No. 33-8238, this certification will be treated as "accompanying" this Quarterly Report on Form 10-Q and not "filed" as part of such report for purposes of Section 18 of the Securities Exchange Act of 1934, or otherwise subject to the liability of Section 18 of the Securities Exchange Act of 1934 and this certification will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the registrant specifically incorporates it by reference.

#### **SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized, and the undersigned also has signed this report in her capacity as the Registrant's Chief Financial Officer (Principal Financial Officer).

Title: Chief Financial Officer

#### **CERTIFICATION**

- I, David N. Makuen, certify that:
- 1. I have reviewed this Quarterly Report on Form 10-Q for the period ended October 28, 2023 of Citi Trends, Inc.;
- Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact
  necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading
  with respect to the period covered by this report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- 4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our
    conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by
    this report based on such evaluation; and
  - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
