Chief Executive Officer Comments

David Makuen, Chief Executive Officer, commented, "We are pleased with our second quarter results that reflect positive momentum for both the top line and gross margin, against a continued challenging macro backdrop. The quarter was highlighted by significant sequential comparable store sales acceleration from the first quarter, a strong gross margin of 38.2% and well managed expenses. Importantly, we experienced improved traffic levels and strong conversion throughout the quarter, signaling that our product assortment, strengthened by our strategic inventory rebuild in key areas of the business, is resonating with our loyal customers."

Mr. Makuen continued, "I am incredibly proud of how our team managed the business, while maintaining a laser focus on our strategic priorities and taking decisive actions that reflect our deep connection and understanding of our customers. While the discretionary landscape remains under pressure, we are reiterating our guidance for the fiscal year that incorporates our continued efforts to improve what we can control. We are excited about our back-to-school and early Fall assortments showcased in our unique in-store experience that positions Citi Trends as a one-stop solution for trends for the entire family in their local neighborhoods."

Capital Return Program Update

In the second quarter of 2023, the Company did not repurchase any shares of its common stock. At the end of the second quarter of 2023, \$50.0 million remained available under the Company's share repurchase program.

Guidance

The Company is reiterating its outlook for fiscal 2023 as follows:

- Full year total sales are expected to be in the range of negative mid single-digits to negative low single-digits as compared to fiscal 2022
- Full year gross margin expected to be in the high thirties
- Full year EBITDA* expected to be in the range of \$5 million to \$20 million
- The Company plans to open 5 new stores, remodel 10 to 20 stores and close 10 to 15 underperforming stores in the year
- Full year capital expenditures are expected to be in the range of \$15 million to \$20 million
- Year end cash balance is expected to be in the range of \$85 million to \$105 million
