

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

Form 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended July 31, 2021

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

Commission File Number 000-51315

CITI TRENDS, INC.

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of
incorporation or organization)

52-2150697

(I.R.S. Employer
Identification No.)

**104 Coleman Boulevard
Savannah, Georgia**

(Address of principal executive offices)

31408

(Zip Code)

Registrant's telephone number, including area code **(912) 236-1561**

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading symbol	Name of each exchange on which registered
Common Stock, \$0.01 par value	CTRN	NASDAQ Stock Market

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large Accelerated Filer

Accelerated Filer

Non-Accelerated Filer

Smaller Reporting Company

Emerging Growth Company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of August 16, 2021 the registrant had 9,076,697 outstanding shares of common stock, \$0.01 par value per share.

1. Significant Accounting Policies

Basis of Presentation

Citi Trends, Inc. and its subsidiary (the "Company") is a growing specialty value retailer of apparel, accessories and home trends primarily for African American and Latinx families. As of July 31, 2021, the Company operated 589 stores in urban, suburban and rural markets in 33 states.

The condensed consolidated financial statements are prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") for interim reporting and are unaudited. In the opinion of management, the condensed consolidated financial statements reflect all adjustments, which are normal and recurring in nature, necessary for fair financial statement presentation. The condensed consolidated balance sheet as of January 30, 2021 is derived from the audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended January 30, 2021 (the "2020 Form 10-K"). These condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the 2020 Form 10-K. Operating results for the second quarter of 2021 are not necessarily indicative of the results that may be expected for the fiscal year as a result of the seasonality of the business and current uncertainty surrounding the economic impact of the novel coronavirus ("COVID-19") pandemic and the duration and extent of any economic stimulus programs.

Fiscal Year

The following contains references to fiscal years 2021 and 2020, which represent fiscal years ending or ended on January 29, 2022 and January 30, 2021, respectively. Fiscal 2021 and 2020 both have 52-week accounting periods.

2. COVID-19 Pandemic

In March 2020, the World Health Organization declared the spread of the coronavirus ("COVID-19") a global pandemic.

The pandemic has resulted in periods of disruption for the Company, including the temporary closure of stores and limited store operating hours, reduced customer traffic and consumer spending, and delays in the manufacturing and shipping of products. The Company saw improvement in its financial results and positive trends during the latter half of 2020 and into the first half of 2021 as certain governments began to ease restrictions and provide economic stimulus and vaccine distribution accelerated, leading to an increase in spending and increased customer demand.

The Company expects continued uncertainty in its business and the global economy due to the COVID-19 pandemic, including potential volatility in employment trends and consumer confidence, current or future restrictive actions that may be imposed by governments or public health authorities, the duration and extent of any economic stimulus programs, supply chain interruptions, increased distribution and transportation costs, increased payroll expenses, and increased costs to maintain safe work and shopping environments. The impacts of the pandemic have had, and may continue to have, an adverse impact on the Company's financial condition, results of operations and liquidity. The Company will continue to monitor the effects of COVID-19 and take the necessary actions to serve our associates, customers, communities and shareholders.

3. Cash and Cash Equivalents/Concentration of Credit Risk

For purposes of the condensed consolidated balance sheets and condensed consolidated statements of cash flows, the Company considers all highly liquid investments with maturities at date of purchase of three months or less to be cash equivalents. Financial instruments that potentially subject the Company to a concentration of credit risk consist principally of cash and cash equivalents. The Company places its cash and cash equivalents in what it believes to be high credit quality banks and institutional money market funds. The Company maintains cash accounts that exceed federally insured limits.

4. Earnings per Share

Basic earnings per common share amounts are calculated using the weighted average number of common shares outstanding for the period. Diluted earnings per common share amounts are calculated using the weighted average number of common shares outstanding plus the additional dilution for all potentially dilutive securities, such as nonvested restricted stock. During loss periods, diluted loss per share amounts are based on the weighted average number of common shares outstanding, because the inclusion of common stock equivalents would be antidilutive.

The dilutive effect of stock-based compensation arrangements is accounted for using the treasury stock method. The Company includes as assumed proceeds the amount of compensation cost attributed to future services and not yet recognized. For the thirteen weeks ended July 31, 2021 and August 1, 2020, there were 39,000 and 165,000 shares of nonvested restricted stock, respectively, excluded from the calculation of diluted earnings per share because of antidilution. For the twenty-six weeks ended July 31, 2021 and August 1, 2020, there were 38,000 and 173,000 shares of nonvested restricted stock, respectively, excluded from the calculation of diluted earnings per share because of antidilution.

The following table provides a reconciliation of the weighted average number of common shares outstanding used to calculate basic earnings per share to the number of common shares and common stock equivalents outstanding used in calculating diluted earnings per share:

	Thirteen Weeks Ended	
	July 31, 2021	August 1, 2020
Weighted average number of common shares outstanding	9,087,709	10,451,194
Incremental shares from assumed vesting of nonvested restricted stock	90,263	6,842
Weighted average number of common shares and common stock equivalents outstanding	9,177,972	10,458,036

	Twenty-Six Weeks Ended	
	July 31, 2021	August 1, 2020
Weighted average number of common shares outstanding	9,268,751	10,446,915
Incremental shares from assumed vesting of nonvested restricted stock	105,653	—
Weighted average number of common shares and common stock equivalents outstanding	9,374,404	10,446,915

5. Fair Value Measurement

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the principal or most advantageous market at the measurement date. Fair value is established according to a hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable prices that are based on inputs not quoted on active markets, but corroborated by market data.

Level 3: Unobservable inputs are used when little or no market data is available. Level 3 inputs are given the lowest priority in the fair value hierarchy.

As of July 31, 2021, the Company's investment securities are classified as held-to-maturity since the Company has the intent and ability to hold the investments to maturity. Such securities are carried at amortized cost plus accrued interest and consist of the following (in thousands):

	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Market Value
Short-term:				
Corporate debt securities (Level 2)	\$ 17,746	\$ —	\$ (20)	\$ 17,726
Obligations of states and municipalities (Level 2)	6,857	—	(2)	6,855
	<u>\$ 24,603</u>	<u>\$ —</u>	<u>\$ (22)</u>	<u>\$ 24,581</u>

The amortized cost and fair market value of investment securities as of July 31, 2021 by contractual maturity are as follows (in thousands):

	Amortized Cost	Fair Market Value
Mature in one year or less	\$ 24,603	\$ 24,581

6. Impairment of Assets

If facts and circumstances indicate that a long-lived asset or operating lease right-of-use asset may be impaired, the carrying value is reviewed. If this review indicates that the carrying value of the asset will not be recovered as determined based on projected undiscounted cash flows related to the asset over its remaining life, the carrying value of the asset is reduced to its estimated fair value. There was no impairment expense recorded in the first half of 2021. In the first half of 2020, non-cash impairment charges related to an underperforming store totaled \$0.3 million, comprised of \$0.2 million for an operating lease right-of-use asset and \$0.1 million for leasehold improvements and fixtures and equipment.

7. Revolving Credit Facility

In October 2011, the Company entered into a five-year, \$50 million credit facility with Bank of America. The facility was amended in August 2015 and May 2020 to extend the maturity dates. The facility was further amended on April 15, 2021 to modify terms and extend the maturity date to April 15, 2026. The amended facility provides a \$75 million credit commitment and a \$25 million uncommitted "accordion" feature that under certain circumstances could allow the Company to increase the size of the facility to \$100 million. The facility is secured by the Company's inventory, accounts receivable and related assets, but not its real estate, fixtures and equipment, and it contains one financial covenant, a fixed charge coverage ratio, which is applicable and tested only in certain circumstances. The facility has an unused commitment fee of 0.20% and permits the payment of cash dividends subject to certain limitations. Borrowings under the credit facility bear interest (a) for Eurodollar Loans, at a rate equal to the Eurodollar Rate plus either 1.25%, 1.50% or 1.75%, or (b) for Base Rate Loans, at a rate equal to the highest of (i) the prime rate, (ii) the Federal Funds Rate plus 0.5% or (iii) the Eurodollar Rate plus 1.0%, plus, in each case either 0.25%, 0.50% or 0.75%, based in any such case on the average daily availability for borrowings under the facility. The Company had no borrowings under the credit facility as of July 31, 2021.

8. Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. If there is a change in tax rates, the Company would recognize the impact of such change in income in the period that includes the enactment date.

For the first half of 2021, the Company utilized the annual effective tax rate method to calculate income taxes. For the first half of 2020, the Company utilized the discrete effective tax rate method based on the determination that the full-year tax rate was not reliably predictable. The tax rate was 21.5% for the first half of 2021, compared to 27.6% (benefit) for the first half of 2020. The difference in the tax rate was primarily due to pretax income in the current year compared to a pretax loss in the same period of 2020.

9. Commitments and Contingencies

The Company from time to time is involved in various legal proceedings incidental to the conduct of its business, including claims by customers, landlords, employees or former employees. Once it becomes probable that the Company will incur costs in connection with a legal proceeding and such costs can be reasonably estimated, the Company establishes appropriate reserves. While legal proceedings are subject to uncertainties and the outcome of any such matter is not predictable, the Company is not aware of any legal proceedings pending or threatened against it that it expects to have a material adverse effect on its financial condition, results of operations or liquidity.

10. Stock Repurchases

Repurchases of Common Stock

In November 2019, the Company's board of directors approved a stock repurchase program that authorized the repurchase of up to \$25 million of the Company's common stock. In the first quarter of 2020, the Company repurchased 260,254 shares of its common stock at an aggregate cost of \$6.3 million.

In March 2020, the Company's board of directors approved another \$30 million stock repurchase program. Shortly thereafter, due to the economic uncertainty stemming from the COVID-19 pandemic, the Company suspended its stock repurchase program until September 2020 when the program was reinstated. In December 2020, the Company announced that its board of directors approved an additional \$30 million stock repurchase program. In June 2021, the Company announced that its board of directors authorized another \$30 million stock repurchase program.

In the first half of 2021, the Company repurchased 502,257 shares of its common stock under its repurchase programs at an aggregate cost of \$42.5 million. In addition, the Company completed a block repurchase of 250,000 shares of its common stock at an aggregate cost of \$21.9 million.

As of July 31, 2021, the Company had approximately \$20.9 million available under its previously announced stock repurchase program. On August 24, 2021, the Company announced that its board of directors authorized another \$30 million stock repurchase program.

11. Revenue

Revenue Recognition

The Company's primary source of revenue is derived from the sale of apparel, accessories and home trends to its customers with the Company's performance obligations satisfied immediately when the customer pays for their purchase and receives the merchandise. Sales taxes collected by the Company from customers are excluded from revenue. Revenue from layaway sales is recognized at the point in time when the merchandise is paid for and control of the goods is transferred to the customer, thereby satisfying the Company's performance obligation. The Company defers revenue from the sale of gift cards and recognizes the associated revenue upon the redemption of the cards by customers to purchase merchandise.

Sales Returns

The Company allows customers to return merchandise for up to thirty days after the date of sale. Expected refunds to customers are recorded based on estimated margin using historical return information.

Disaggregation of Revenue

The Company's retail operations represent a single operating segment based on the way the Company manages its business. Operating decisions and resource allocation decisions are made at the Company level in order to maintain a consistent retail store presentation. The Company's retail stores sell similar products, use similar processes to sell those products and sell their products to similar classes of customers.

In the following table, the Company's revenue is disaggregated by "CITI" or major merchandise category. The percentage of net sales for each CITI within the merchandise assortment was approximately:

	<u>Thirteen Weeks Ended</u>		<u>Twenty-Six Weeks Ended</u>	
	<u>July 31,</u>	<u>August 1,</u>	<u>July 31,</u>	<u>August 1,</u>
	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>
Women	28 %	27 %	29 %	28 %
Kids	20 %	21 %	20 %	22 %
Men	18 %	19 %	18 %	17 %
Beauty & Accessories	18 %	15 %	17 %	15 %
Home & Lifestyle	8 %	9 %	8 %	8 %
Footwear	8 %	9 %	8 %	10 %

12. Leases

The Company leases its retail store locations and certain office space and equipment. Leases for store locations are typically for a term of five years with options to extend for one or more five-year periods. The Company analyzes all leases at inception to determine if a right-of-use asset and lease liability should be recognized. Leases with an initial term of 12 months or less and leases with mutual termination clauses are not included on the condensed consolidated balance sheets. The lease liability is measured at the present value of future lease payments as of the lease commencement date.

Total lease cost is comprised of operating lease costs, short-term lease costs and variable lease costs, which include rent paid as a percentage of sales, common area maintenance, real estate taxes and insurance for the Company's real estate leases. Lease costs consisted of the following (in thousands):

	Thirteen Weeks Ended		Twenty-Six Weeks Ended	
	July 31, 2021	August 1, 2020	July 31, 2021	August 1, 2020
Operating lease cost	\$ 13,111	\$ 11,912	\$ 26,065	\$ 24,465
Variable lease cost	2,598	2,332	5,579	4,125
Short term lease cost	246	453	561	817
Total lease cost	\$ 15,955	\$ 14,697	\$ 32,205	\$ 29,407

In response to the impact of the COVID-19 pandemic on the Company's operations, the Company suspended certain lease payments in 2020 under its existing lease agreements. During the suspension of payments, the Company continued to recognize expenses and liabilities for lease obligations and corresponding right-of-use assets on the balance sheet in accordance with the applicable accounting guidance. The Company continues to engage in discussions with landlords regarding the potential restructuring of lease payments and rent concessions. As of July 31, 2021, the Company negotiated contractual rent concessions on many leases in the form of early renewals, rent deferrals and rent abatements. The Company elected to account for qualifying COVID-19 related rent concessions as if they were part of the enforceable rights and obligations under the existing lease agreements, as permitted by the updated guidance provided by the FASB in April 2020. As a result of this election, the Company recognized rent abatement credits of approximately \$0.1 million and \$0.6 million during the second quarter of 2021 and 2020, respectively.

Future minimum lease payments as of July 31, 2021 are as follows (in thousands):

Fiscal Year	Lease Costs
Remainder of 2021	\$ 25,561
2022	51,595
2023	43,846
2024	35,397
2025	25,183
Thereafter	39,085
Total future minimum lease payments	220,667
Less: imputed interest	(16,930) (1)
Total present value of lease liabilities	\$ 203,737 (2)

(1) Calculated using the discount rate for each lease.

(2) Includes short-term and long-term portions of operating lease liabilities.

Certain operating leases provide for fixed monthly rents, while others provide for contingent rents computed as a percentage of net sales and others provide for a combination of both fixed monthly rents and contingent rents computed as a percentage of net sales.

Supplemental cash flows and other information related to operating leases are as follows (in thousands, except for weighted average amounts):

	Twenty-Six Weeks Ended	
	July 31, 2021	August 1, 2020
Cash paid for operating leases	\$ 27,618	\$ 18,920
Right of use assets obtained in exchange for new operating lease liabilities	\$ 36,247	\$ 27,044
Weighted average remaining lease term (years) - operating leases	5.18	5.28
Weighted average discount rate - operating leases	2.99%	3.29%

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

Forward-Looking Statements

Except for specific historical information, many of the matters discussed in this Form 10-Q may express or imply projections of revenues or expenditures, statements of plans and objectives for future operations, growth or initiatives, statements of future economic performance, capital allocation expectations or statements regarding the outcome or impact of pending or threatened litigation. These, and similar statements, are forward-looking statements concerning matters that involve risks, uncertainties and other factors that may cause the actual performance of the Company to differ materially from those expressed or implied by these statements. All forward-looking information should be evaluated in the context of these risks, uncertainties and other factors. The words “believe,” “anticipate,” “project,” “plan,” “expect,” “estimate,” “objective,” “forecast,” “goal,” “intend,” “could,” “will likely result,” or “will continue” and similar words and expressions generally identify forward-looking statements, although not all forward-looking statements contain such language. The Company believes the assumptions underlying these forward-looking statements are reasonable; however, any of the assumptions could be inaccurate, and therefore, actual results may differ materially from those projected in the forward-looking statements.

The factors that may result in actual results differing from such forward-looking information include, but are not limited to: uncertainties relating to general economic conditions, including any deterioration whether caused by acts of war, terrorism, political or social unrest (including any resulting store closures, damage or loss of inventory); the ongoing COVID-19 pandemic and associated containment and remediation efforts; the potential negative impacts of COVID-19 on the global economy and foreign sourcing; the impacts of COVID-19 on the Company’s financial condition, business operations and liquidity, including the re-closure of any or all of the Company’s retail stores and distribution centers; growth risks, consumer spending patterns; competition within the industry; competition in our markets; the ability to anticipate and respond to fashion trends; the duration and extent of any economic stimulus programs; transportation and distribution delays or interruptions; changes in freight rates; the Company’s ability to attract and retain workers; the Company’s ability to negotiate effectively the cost and purchase of merchandise; inventory risks due to shifts in market demand; the Company’s ability to gauge fashion trends and changing consumer preferences; changes in consumer spending on apparel; changes in product mix; interruptions in suppliers’ businesses; the results of pending or threatened litigation; temporary changes in demand due to weather patterns; seasonality of the Company’s business; delays associated with building, opening and operating new stores; delays associated with building, opening or expanding new or existing distribution centers; and other factors described in the section titled “Item 1A. Risk Factors” and elsewhere in the Company’s Annual Report on Form 10-K for the fiscal year ended January 30, 2021, and in Part II, “Item 1A. Risk Factors” and elsewhere in the Company’s Quarterly Reports on Form 10-Q and any amendments thereto and in the other documents the Company files with the SEC, including reports on Form 8-K.

Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this Form 10-Q. Except as may be required by law, the Company undertakes no obligation to update or revise publicly any forward-looking statements contained herein to reflect events or circumstances occurring after the date of this Form 10-Q or to reflect the occurrence of unanticipated events. Readers are advised, however, to read any further disclosures the Company may make on related subjects in its public disclosures or documents filed with the SEC, including reports on Form 8-K.

Overview

We are a growing specialty value retailer of apparel, accessories and home trends primarily for African American and Latinx families. Our high-quality and trend-right merchandise offerings at everyday low prices are designed to appeal to the fashion and trend preferences of value-conscious customers. As of July 31, 2021, we operated 589 stores in urban, suburban and rural markets in 33 states.

In March 2020, the World Health Organization declared COVID-19 a global pandemic. Since that time, the global economy has been, and continues to be, affected by COVID-19. The pandemic has caused and may continue to cause significant disruptions in the U.S. economy as the virus continues to spread or has a resurgence in certain jurisdictions. In response to the COVID-19 pandemic, effective March 20, 2020, we temporarily closed all of our retail store locations and distribution centers. At the end of April 2020, we started to reopen stores in select states in accordance with government guidelines. As of July 18, 2020, we safely reopened all of our stores. The COVID-19 pandemic has resulted in periods of disruption for our business, including the temporary closure of our stores and limited store operating hours, reduced customer traffic and consumer spending, and delays in the manufacturing and shipping of products. We saw improvement in our financial results and positive trends during the latter half of 2020 and into the first half of 2021 as certain governments began to ease restrictions and provide economic stimulus and vaccine distribution accelerated, leading to an increase in spending and increased customer demand.

We expect continued uncertainty in our business and the global economy due to the COVID-19 pandemic, including potential volatility in employment trends and consumer confidence, current or future restrictive actions that may be imposed by governments or public health authorities, the duration and extent of any economic stimulus programs, supply chain interruptions, increased distribution and transportation costs, increased payroll expenses, and increased costs to maintain safe work and shopping environments. Due to the significant uncertainty surrounding the COVID-19 pandemic and its effects, there may be consequences that we do not anticipate at this time or that develop in unexpected ways. The impacts of the pandemic have had, and may continue to have, an adverse impact on the Company's financial condition, results of operations and liquidity. We will continue to monitor the effects of COVID-19 and take the necessary actions to safely serve our associates, customers, communities and shareholders.

For a further discussion of trends, uncertainties and other factors that could affect our future operating results related to the effects of the COVID-19 pandemic, see the section entitled "ITEM 1A. RISK FACTORS" in the Company's Annual Report on Form 10-K for the fiscal year ended January 30, 2021.

Accounting Periods

The following discussion contains references to fiscal years 2021 and 2020, which represent fiscal years ending or ended on January 29, 2022 and January 30, 2021, respectively. Fiscal 2021 and 2020 both have 52-week accounting periods. This discussion and analysis should be read with the unaudited condensed consolidated financial statements and the notes thereto contained in Part I, Item 1 of this report.

Results of Operations

The following discussion of the Company's financial performance is based on the unaudited condensed consolidated financial statements set forth herein. The nature of the Company's business is seasonal. Historically, sales in the first and fourth quarters have been higher than sales achieved in the second and third quarters of the fiscal year. Expenses and, to a greater extent, operating income, vary by quarter. Results of a period shorter than a full year may not be indicative of results expected for the entire fiscal year, particularly in light of the current uncertainty surrounding the economic impact of the COVID-19 pandemic. Furthermore, as a result of the closure of our stores for at least five weeks in 2020 related to the COVID-19 pandemic, comparisons of expense ratios and year-over-year trends are not a meaningful way to evaluate our operating results for the twenty-six weeks ended July 31, 2021.

Key Operating Statistics

We measure performance using key operating statistics. One of the main performance measures we use is comparable store sales growth. We define a comparable store as a store that has been opened for an entire fiscal year. Therefore, a store will not be considered a comparable store until its 13th month of operation at the earliest or until its 24th month at the latest. As an example, stores opened in fiscal 2020 and fiscal 2021 are not considered comparable stores in fiscal 2021. Relocated and expanded stores are included in the comparable store sales results. Stores that are closed permanently or for an extended period are excluded from the comparable store sales results. We also use other operating statistics, most notably average sales per store, to measure our performance. As we typically occupy existing space in established shopping centers rather than sites built specifically for our stores, store square footage (and therefore sales per square foot) varies by store. We focus on overall store sales volume as the critical driver of profitability. In addition to sales, we measure cost of sales as a percentage of sales and store operating expenses, with a particular focus on labor, as a percentage of sales. Finally, we monitor corporate expenses against budgeted amounts.

Thirteen Weeks Ended July 31, 2021 and August 1, 2020

Net Sales. Net sales increased \$21.1 million, or 9.8%, to \$237.3 million in the second quarter of 2021 from \$216.2 million in the second quarter of 2020. The increase in sales was due to an 8.7% increase in comparable store sales and the opening of 16 new stores since the second quarter of last year, partially offset by the impact of closing six stores. The 8.7% increase in comparable store sales resulted in an increase of \$18.4 million in sales, while store opening and closing activity resulted in a net increase of \$2.7 million.

The increase in comparable store sales was reflected in an increase of 5% in customer transactions and an increase of 4% in the average basket size. Comparable store sales changes by "CITI" or major merchandise category were as follows: Beauty & Accessories +31%; Women +11%; Men +8%; Kids +5%; Home & Lifestyle +4%; and Footwear -1%.

Cost of sales (exclusive of depreciation). Cost of sales (exclusive of depreciation) increased \$13.4 million, or 10.5%, to \$140.5 million in the second quarter of 2021 from \$127.1 million in the second quarter of 2020. Cost of sales as a percentage of sales increased slightly to 59.2% from 58.8% due to an increase of 250 basis points in freight costs, partially offset by an improvement of 130 basis points in the core merchandise margin (initial mark-up, net of markdowns) and an improvement of 80 basis points in shrinkage.

Selling, General and Administrative Expenses. Selling, general and administrative expenses increased \$17.8 million, or 30.8%, to \$75.4 million in the second quarter of 2021 from \$57.6 million in last year's second quarter. The increase was due primarily to significant favorable one-time expense reductions in the second quarter of last year related to COVID-19, including furloughs, store closures and reduced operating hours, abated rents, and other COVID-19 cost credits. Also contributing to the increase was a \$4.5 million increase in incentive compensation resulting from favorable operating results in relation to budget, as well as the general impact on expenses of opening 16 new stores since the second quarter of last year. As a percentage of sales, selling, general and administrative expenses increased to 31.8% in the second quarter of 2021 from 26.7% in the second quarter of 2020.

Depreciation. Depreciation expense increased \$0.1 million, or 1.2%, to \$5.0 million in the second quarter of 2021 from \$4.9 million in the second quarter of 2020.

Income Tax Expense. Income tax expense was \$3.8 million in the second quarter of 2021 compared to \$6.2 million in the second quarter of 2020 due primarily to a decrease in pretax income.

Net Income. Net income decreased \$7.4 million to \$12.5 million in the second quarter of 2021 compared to \$19.9 million in the second quarter of 2020 due to the factors discussed above.

Twenty-Six Weeks Ended July 31, 2021 and August 1, 2020

Net Sales. Net sales increased \$190.4 million, or 57.3%, to \$522.7 million in the first half of 2021 from \$332.3 million in the first half of 2020. The increase in sales was due to a 55.5% increase in comparable store sales and the opening of 16 new stores since the end of the second quarter of last year, partially offset by the impact of closing six stores. The year-to-date increase in comparable store sales was primarily due to the temporary closure of all 574 of our stores in the first half of last year as a result of the COVID-19 pandemic.

Cost of Sales (exclusive of depreciation). Cost of sales (exclusive of depreciation) increased \$92.8 million, or 43.9%, to \$304.3 million in the first half of 2021 from \$211.5 million in the first half of 2020. Cost of sales as a percentage of sales decreased to 58.2% in the first half of 2021 from 63.7% in the same period of 2020 due to an improvement of 580 basis points in the core merchandise margin (initial mark-up, net of markdowns) driven by lower markdowns, along with an improvement of 90 basis points in shrinkage, partially offset by an increase of 120 basis points in freight costs.

Selling, General and Administrative Expenses. Selling, general and administrative expenses increased \$41.6 million, or 37.2%, to \$153.3 million in the first half of 2021 from \$111.7 million in the first half of 2020. The increase was due primarily to significant favorable one-time expense reductions in the first half of last year related to COVID-19, including furloughs, store closures and reduced operating hours, abated rents and other COVID-19 cost credits. Also contributing to the increase was a \$13.0 million increase in incentive compensation resulting from favorable operating results in relation to budget, as well as the general impact on expenses of opening 16 new stores since the second quarter of last year. As a percentage of sales, selling, general and administrative expenses decreased to 29.3% in the first half of 2021 from 33.6% in the first half of 2020.

Depreciation. Depreciation expense decreased \$0.2 million, or 1.9%, to \$9.7 million in the first half of 2021 from \$9.9 million in the first half of 2020.

Asset Impairment. There were no asset impairment charges in the first half of 2021. In the first half of 2020, impairment charges related to an underperforming store totaled \$0.3 million, comprised of \$0.2 million for an operating lease right-of-use asset and \$0.1 million for leasehold improvements and fixtures and equipment.

Income Tax Expense/Benefit. Income tax expense was \$11.9 million in the first half of 2021 compared to an income tax benefit of \$0.4 million in the first half of 2020 due primarily to pretax income this year compared to a pretax loss in the first half of last year.

Net Income/Loss. Net income was \$43.4 million in the first half of 2021 compared to a loss of \$1.0 million in the first half of 2020 due to the factors discussed above.

Liquidity and Capital Resources

Our principal sources of liquidity consist of: (i) cash and cash equivalents (which equaled \$76.8 million as of July 31, 2021); (ii) short-term investment securities (which equaled \$24.6 million as of July 31, 2021); (iii) short-term trade credit; (iv) cash generated from operations on an ongoing basis as we sell our merchandise inventory; and (v) a revolving credit facility with a \$75 million credit commitment (with no borrowings as of July 31, 2021). Trade credit represents a significant source of financing for inventory purchases and arises from customary payment terms and trade practices with our vendors.

Cash Flows From Operating Activities. Net cash provided by operating activities was \$56.8 million in the first half of 2021 compared to \$55.4 million in the first half of 2020. Sources of cash in the first half of 2021 included net income adjusted for insurance proceeds and non-cash expenses such as depreciation, non-cash operating lease costs, loss on disposal of property and equipment, deferred income taxes and stock-based compensation expense, totaling \$82.2 million (compared to \$33.4 million in the first half of 2020). Other significant sources of cash in the first half of 2021 included a \$14.3 million increase in accounts payable (compared to a \$2.2 million decrease in the first half of 2020) due to a high volume of merchandise receipts during the final two months of the second quarter of 2021, with nearly all of such purchases still in accounts payable at the end of the quarter.

Significant uses of cash from operating activities in the first half of 2021 were (1) a \$22.6 million decrease in accrued expenses and other long-term liabilities (compared to a \$13.2 million decrease in the first half of 2020) due primarily to payments of operating lease liabilities; (2) a \$9.7 million increase in inventory (compared to a \$43.7 million decrease in the first half of 2020) due to replenishing our merchandise in 2021 following robust sales in the fourth quarter of last year; and (3) a \$4.8 million decrease in accrued compensation (compared to a \$0.1 million increase in the first half of 2020) due to payment in the first quarter of 2021 of incentive compensation accrued in the second half of last year.

Cash Flows From Investing Activities. Cash used in investing activities was \$36.4 million in the first half of 2021 compared to cash provided of \$37.4 million in the first half of 2020. Cash used in the first half of 2021 consisted of \$24.6 million for purchases of short-term investment securities and \$12.0 million for purchases of property and equipment. Cash provided in the first half of 2020 was primarily from the sales of investment securities due to the pandemic, partially offset by \$5.8 million used for purchases of property and equipment.

Cash Flows From Financing Activities. Cash used in financing activities was \$66.8 million in the first half of 2021 compared to cash provided of \$34.0 million in the first half of 2020. Cash used in the first half of 2021 consisted primarily of \$64.4 million for repurchases of our common stock. Cash provided in the first half of 2020 was the result of a net drawdown of \$41.6 million on our credit facility due to the pandemic, partially offset by \$7.1 million used for repurchases of our common stock and dividend payments.

Cash Requirements

Our cash requirements are primarily for working capital and capital expenditures for stores, distribution infrastructure and information systems. Historically, we have met these cash requirements using cash flow from operations and short-term trade credit. We have also used cash to repurchase shares of our common stock. In the first half of 2021, pursuant to our stock repurchase program, we repurchased 502,257 shares of our common stock at an aggregate cost of \$42.5 million. In addition, we repurchased in a block trade 250,000 shares of our common stock at an aggregate cost of \$21.9 million.

We believe that our existing sources of liquidity will be sufficient to fund our operations for at least the next 12 months as well as the foreseeable future. However, any significant reduction in customer willingness to visit shopping centers or levels of customer spending at our stores, or any future temporary closures of our stores or distribution centers, or any disruptions in the supply chains related to our merchandise could require us to take actions that could include material changes in our operations and seeking additional debt or equity capital. We will continue to monitor the situation and take action as necessary to reduce our expenses and preserve our financial flexibility.

Recent Accounting Pronouncements

See discussion of Recent Accounting Pronouncements in Note 1 to the unaudited condensed consolidated financial statements included in Part I, Item 1 of this report.

Critical Accounting Policies

The preparation of our condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

There have been no material changes to the Critical Accounting Policies outlined in the Company's Annual Report on Form 10-K for the year ended January 30, 2021.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

There have been no material changes in our market risk during the twenty-six weeks ended July 31, 2021 compared to the disclosures in Part II, Item 7A of our Annual Report on Form 10-K for the year ended January 30, 2021.

Item 4. Controls and Procedures.

We have carried out an evaluation under the supervision and with the participation of management, including the principal executive officer and the principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of July 31, 2021 pursuant to Rules 13a-15 and 15d-15 of the Exchange Act. Based on that evaluation, the principal executive officer and the principal financial officer concluded that our disclosure controls and procedures are effective to provide reasonable assurance that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information has been accumulated and communicated to our management, including the officers who certify our financial reports, as appropriate, to allow timely decisions regarding the required disclosures.

Our disclosure controls and procedures are designed to provide reasonable assurance that the controls and procedures will meet their objectives. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives.

There were no changes in our internal control over financial reporting that occurred during the fiscal quarter ended July 31, 2021 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Item 1. Legal Proceedings.

We are from time to time involved in various legal proceedings incidental to the conduct of our business, including claims by customers, landlords, employees or former employees. Once it becomes probable that we will incur costs in connection with a legal proceeding and such costs can be reasonably estimated, we establish appropriate reserves. While legal proceedings are subject to uncertainties and the outcome of any such matter is not predictable, we are not aware of any legal proceedings pending or threatened against us that we expect to have a material adverse effect on our financial condition, results of operations or liquidity.

Item 1A. Risk Factors.

There have been no material changes to the Risk Factors described under the section "ITEM 1A. RISK FACTORS" in the Company's Annual Report on Form 10-K for the fiscal year ended January 30, 2021.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.*Information on Share Repurchases*

The number of shares of common stock repurchased by the Company during the second quarter of 2021 and the average price paid per share are as follows:

Period	Total number of shares purchased	Average price paid per share (1)	Total number of shares purchased as part of publicly announced plans or programs (2)	Maximum number (or approximate dollar value) of shares that may yet be purchased under the plans or programs (2)
May (5/2/21 - 5/29/21)	85,083	\$ 95.41	85,083	\$ 1,687,300
June (5/30/21 - 7/3/21)	68,864	\$ 83.62	68,864	\$ 25,930,297
July (7/4/21 - 7/31/21)	60,814	\$ 82.73	60,814	\$ 20,900,331
Total	<u>214,761</u>		<u>214,761</u>	

(1) Includes commissions for the shares repurchased under the stock repurchase program.

(2) On March 13, 2020, the Company announced that its board of directors approved a \$30 million stock repurchase program. On December 22, 2020, the Company announced that its board of directors approved an additional \$30 million stock repurchase program. On June 2, 2021, the Company announced that its board of directors authorized another \$30 million for stock repurchases. The programs do not have expiration dates.

On August 24, 2021, the Company announced that its board of directors approved another stock repurchase program that authorized the repurchase of up to \$30 million in shares of the Company's common stock.

Name: Pamela J. Edwards

Title: Chief Financial Officer

RESTRICTED STOCK AWARD AGREEMENT

Non-transferable Grant to

("Grantee")

by Citi Trends, Inc. (the "Company") of

_____ shares of its common stock, \$0.01 par value (the "Shares")

pursuant to and subject to the provisions of the Citi Trends, Inc. 2021 Incentive Plan (the "Plan") and to the terms and conditions set forth on the following page (the "Terms and Conditions"). By accepting the Shares, Grantee shall be deemed to have agreed to the terms and conditions set forth in this Agreement and the Plan. Capitalized terms used herein and not otherwise defined shall have the meanings assigned to such terms in the Plan.

The Shares will vest (become non-forfeitable) on the earlier of (i) the first anniversary of the Grant Date or (ii) the date of the annual meeting of the Company's stockholders in 2022, provided that Grantee is a director of the Company as of such date.

IN WITNESS WHEREOF, Citi Trends, Inc., acting by and through its duly authorized officers, has caused this Agreement to be duly executed.

CITI TRENDS, INC.

By: _____
Chief Executive Officer

Grant Date: June 16, 2021

TERMS AND CONDITIONS

1. Restrictions. The Shares are subject to each of the following restrictions. "Restricted Shares" mean those Shares that are subject to the restrictions imposed hereunder which restrictions have not then expired or terminated. Restricted Shares may not be sold, transferred, exchanged, assigned, pledged, hypothecated or otherwise encumbered. If Grantee's service as a director of the Company or any Subsidiary terminates for any reason, then Grantee shall forfeit all of Grantee's right, title and interest in and to the Restricted Shares as of the date of such termination, and such Restricted Shares shall revert to the Company immediately following the event of forfeiture. The restrictions imposed under this Section shall apply to all shares of the Company's Stock or other securities issued with respect to Restricted Shares hereunder in connection with any merger, reorganization, consolidation, recapitalization, stock dividend or other change in corporate structure affecting the Stock of the Company.

2. Expiration and Termination of Restrictions. The restrictions imposed under Section 1 will expire on the earliest to occur of the following (the period prior to such expiration being referred to herein as the "Restricted Period"):

(a) on the earlier of (i) the first anniversary of the Grant Date or (ii) the date of the annual meeting of the Company's stockholders in 2022; provided Grantee is then a member of the Board of Directors of the Company

(b) upon Grantee's Disability or death, but only with respect to the number of Shares that would otherwise have vested within the 12 months following the Disability or death based on Grantee's continued service with the Company; or

(c) upon a Change of Control of the Company.

3. Delivery of Shares. The Shares will be registered in the name of Grantee as of the Grant Date and may be held by the Company during the Restricted Period in certificated or uncertificated form. If a certificate for Restricted Shares is issued during the Restricted Period with respect to such Shares, such certificate shall be registered in the name of Grantee and shall bear a legend in substantially the following form (in addition to any legend required under applicable state securities laws): "This certificate and the shares of stock represented hereby are subject to the terms and conditions (including forfeiture and restrictions against

transfer) contained in a Restricted Stock Agreement between the registered owner of the shares represented hereby and Citi Trends, Inc. Release from such terms and conditions shall be made only in accordance with the provisions of such Agreement, copies of which are on file in the offices of Citi Trends, Inc." Stock certificates for the Shares, without the first above legend, shall be delivered to Grantee or Grantee's designee upon request of Grantee after the expiration of the Restricted Period, but delivery may be postponed for such period as may be required for the Company with reasonable diligence to comply, if deemed advisable by the Company, with registration requirements under the Securities Act of 1933, listing requirements under the rules of any stock exchange, and requirements under any other law or regulation applicable to the issuance or transfer of the Shares.

4. Voting Rights. Grantee, as beneficial owner of the Shares, shall have full voting rights with respect to the Shares during and after the Restricted Period.

5. Dividend Rights. Grantee shall accrue cash and non-cash dividends, if any, paid with respect to the Restricted Shares, but the payment of such dividends shall be deferred and held (without interest) by the Company for the account of Grantee until the expiration of the Restricted Period. During the Restricted Period, such dividends shall be subject to the same vesting restrictions imposed under Section 1 as the Restricted Shares to which they relate. Accrued dividends deferred and held pursuant to the foregoing provision shall be paid by the Company to the Grantee promptly upon the expiration of the Restricted Period (and in any event within 30 days of the date of such expiration).

6. Payment of Taxes.

(a) Upon issuance of the Shares hereunder, Grantee may make an election to be taxed upon such award under Section 83(b) of the Internal Revenue Code. To effect such election, Grantee may file an appropriate election with Internal Revenue Service within thirty (30) days after award of the Shares and otherwise in accordance with applicable Treasury Regulations.

(b) Grantee will, no later than the date as of which any amount related to the Shares first becomes includable in Grantee's gross income for federal income tax purposes, pay to the Company, or make other arrangements satisfactory to the Committee regarding payment of, any

federal, state and local taxes of any kind required by law to be withheld with respect to such amount, including without limitation the surrender of shares of Stock to the Company. The obligations of the Company under this Agreement will be conditional on such payment or arrangements, and the Company will, to the extent permitted by law, have the right to deduct any such taxes from the award or any payment of any kind otherwise due to Grantee.

7. Plan Controls. The terms contained in the Plan are incorporated into and made a part of this Agreement and this Agreement shall be governed by and construed in accordance with the Plan. In the event of any actual or alleged conflict between the provisions of the Plan and the provisions of this Agreement, the provisions of the Plan shall be controlling and determinative.

8. Successors. This Agreement shall be binding upon any successor of the Company, in accordance with the terms of this Agreement and the Plan.

9. Severability. If any one or more of the provisions contained in this Agreement is invalid, illegal or unenforceable, the other provisions of this Agreement will be construed and enforced as if the invalid, illegal or unenforceable provision had never been included.

10. Notice. Notices and communications under this Agreement must be in writing and either personally delivered or sent by registered or certified U.S. mail, return receipt requested, postage prepaid. Notices to the Company must be addressed to Citi Trends, Inc., 104 Coleman Boulevard, Savannah, GA 31408, Attn: Secretary, or any other address designated by the Company in a written notice to Grantee. Notices to Grantee will be directed to the address of Grantee then currently on file with the Company, or at any other address given by Grantee in a written notice to the Company.

CERTIFICATION

I, David N. Makuen, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q for the period ended July 31, 2021 of Citi Trends, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
