SAVANNAH, Ga., Mar 12, 2010 (BUSINESS WIRE) -- Citi Trends, Inc. (NASDAQ: CTRN) today reported results for the fourth quarter and fiscal year ended January 30, 2010.

Financial Highlights - Fourth quarter ended January 30, 2010

Total sales in the fourth quarter ended January 30, 2010 increased 15.8% to \$169.8 million compared with \$146.6 million in the quarter ended January 31, 2009. Comparable store sales increased 1.2% in the fourth quarter.

Income from operations in the fourth quarter increased 18.4% to \$16.8 million in 2009 compared with \$14.2 million in 2008. As a percentage of sales, income from operations in the quarter increased to 9.9% in 2009 from 9.7% in 2008. Net income in the fourth quarter of 2009 increased 11.9% to \$11.3 million compared with \$10.1 million in last year's fourth quarter. Earnings per diluted share increased to \$0.78 in the fourth quarter of 2009 compared with \$0.69 in the fourth quarter of 2008.

The Company opened 11 stores in the fourth quarter of 2009, reaching a total store count of 403 at the end of the year.

Financial Highlights - Fiscal year ended January 30, 2010

Total sales in the fiscal year ended January 30, 2010 increased 13.0% to \$551.9 million compared with \$488.2 million in the fiscal year ended January 31, 2009. Comparable store sales increased 0.6% for the full year.

Income from operations increased 27.4% to \$29.4 million in 2009 compared with \$23.1 million in 2008. As a percentage of sales, income from operations increased to 5.3% in 2009 from 4.7% in 2008. Net income increased 13.4% to \$19.7 million in 2009 compared with \$17.4 million in the prior year. Earnings per diluted share increased to \$1.36 in 2009 compared with \$1.20 in 2008. Income from operations increased at a higher rate than net income throughout 2009 due to the effect on net income of a declining interest rate environment which caused a reduction in tax-free interest income and a related increase in the effective income tax rate.

The Company opened 49 stores, relocated or expanded 11 others, and closed 3 stores in 2009.

Fiscal 2010 Outlook - Fiscal year ending January 29, 2011

The Company estimates 2010 earnings of approximately \$1.60 to \$1.65 per diluted share. This guidance includes an anticipated 2010 comparable store sales increase of approximately 3% to 4%. For the year, the Company expects to increase selling square footage by at least 15%.

Fiscal 2010 is off to a strong start with comparable store sales increasing more than 10% during the first five-plus weeks of the year in addition to a 14% increase during the same period of time last year. The Company attributes the strong sales thus far in the first quarter to be primarily a result of our customers receiving their tax refunds later this year. Additionally, and importantly, our spring merchandise assortment has resonated well with our customers.

The Company reminds investors of the complexity of accurately assessing future results given the difficulty in predicting fashion trends, consumer preferences and general economic conditions and the impact of other business variables. See "Forward-Looking Statements" below for more information regarding these uncertainties.
